

Worker SST Refresher Training

In order to renew your 40-hour SST card, you must successfully complete (8) eight hours of refresher training by completing the following 2 courses:

- 4-Hour Fall Prevention &
- 4-Hour Supported Scaffold User & Refresher (SST only)

The refresher courses are only offered online at this time. The courses are FREE the FIRST time they are taken and PASSED. If a class has to be retaken, the member will have to pay Click Safety to take it a second time, third time, etc.

To access the courses, go to **ml46.org** in your web browser. Once on the homepage, at the top choose TRAINING then APPRENTICESHIP. Under "In this Section", click on "Click Safety Training Course" and follow directions to log into Impact.

Certificates for completed refresher courses **MUST** be emailed to the school **NO LATER** than 2 weeks before the card is set to expire to avoid any issues/conflicts.

Any questions or concerns can either be e-mailed to the school at learningcenter46@gmail.com or by phone at 718-267-7500.
